

## The Perforated Services Locker

With all the features of our original Services Locker which is in use across Australia by Police, Fire & Rescue, Ambulance, SES, RFS and other Service organisations, The Perforated Services Locker is fully perforated to better enable airing of damp protective clothing.

### Locker Features

Australian Made **from heavy gauge zinc steel (Wont Sweat or Rust in humid environment)**

- Perforated door, back and side panels (22mm squares)
- Extra wide – 495mm width
- Welded frame provides strength and stability
- Perimeter door surround prevents the door from being forced inwards
- Full length internal door reinforcement for added strength
- Three point security key locking with provision for padlock, digital combination or RFID locks
- 180 degree opening door or easy access
- Powder coat finish
- Lifetime Warranty

### Configuration

- Adjustable Top shelf
- Heavy Duty hanging rail and two coat hook
- Adjustable Boot shelf
- Additional optional shelves available

### Dimensions

External: 1980 (mm) High x 495 (mm) Wide x 550 (mm) Deep
